Nabenet is currently seeking a Vocational Assessment Consultant to join its team.

Nabenet is a market leader in the Occupational Rehabilitation industry specialising in the management of workplace injuries and job placement services through early intervention and timely response with expertise in Victorian WorkCover and Comcare legislation. You will be based predominantly in Western Melbourne suburbs, spending time in our various satellite offices. You would also spend time in Nabenet's head office located in Hawthorn weekly for ongoing training and development.

Key attractions of the role:

- iPhone and laptop provided to all consultants
- Internal social, health, and wellbeing program
- Ongoing training and development within the organisation
- Opportunities for career progression
- Regular wellness seminars, access to the Employee Assistance Program (EAP), and the ability to purchase additional leave

The role will involve:

- Completion of Vocational Assessments within compensable schemes such as WorkSafe
- Understanding of the labour market and ensuring vocational options identified are available and appropriate
- Understanding the skills and aptitudes of a variety of roles available in the market
- Complete assessments to identify retraining needs for clients where appropriate
- Communication with key stakeholders in a client's claim for example; Agents, General Practitioners, Physiotherapists, and Lawyers
- Conduct GP and Medical Treater Case Conferences to review restrictions and clarify capacity for job seeking/re-training programs

Applicants will have:

- Excellent time management skills
- Advanced written and verbal communication skills to liaise with key stakeholders
- Experience with assessing vocational capacity
- Proven competency in report writing with accuracy in spelling and grammar
- Demonstrated knowledge of workers' compensation and injury management
- Full Australian working rights
- Current driver's license and car

About working at Nabenet

- · Generous professional development budget
- Thorough induction and ongoing training
- Social, health, and wellbeing events throughout the year
- Career and professional development opportunities
- Focus on performance quality, and teamwork
- Be a part of a strategically-minded team
