

About Nabenet

Nabenet is seeking a self-motivated and driven Psychologist / Rehabilitation Counsellor to join its award-winning team. Nabenet is a leading Occupational Rehabilitation Provider in Victoria. We are an independent Australian-owned company and an approved provider for WorkSafe Victoria and Comcare. Nabenet specialises in the management of workplace injuries with a focus on early intervention.

About the role

- Your role will be to assist injured claimants with client-centered support plans.
- Utilise your problem-solving skills, clinical experience, innovative thinking, and knowledge of biopsychosocial barriers and motivators to support positive progress for individuals.
- Initiate both mental health and physical injury-related supports under the guidance of Treating Health teams.
- Use your communication skills to liaise with a variety of stakeholders, including insurance companies, medical practitioners, employers, and employees.
- Monitor efficacy of program activities and supports pre-and post-service.
- Work in a fast-paced environment, driven by the company values of quality, customer service, outcomes, and teamwork.
- You will provide holistic support for our clients to help restore an individual's highest level of functional performance and deliver a successful return to work
- Develop personalised rehabilitation plans that support a whole person's approach to rehabilitation
- Deliver case management and coordinate rehabilitation services
- Develop quality early intervention strategies
- Present case information to various stakeholders including credible recommendations/solutions to drive the desired goal

Your new benefits:

- Be warmly welcomed into your new team with a 3-month tailored Induction Program
- Professional Development Support
- Coaching & Mentoring from Industry Leaders and Allied Health Professionals
- Be rewarded with an above-market salary package, including a great bonus system
- Regular wellness seminars, access to the Employee Assistance Program (EAP), and the ability to purchase additional leave

To be successful

- You must have a tertiary qualification, and current registration with the appropriate body, in Psychology.
- Have excellent time management skills.
- Be a confident communicator and are comfortable liaising with a variety of stakeholders.
- Have excellent writing skills and experience writing reports.
- Have experience in tailoring client services and making recommendations.
- Have knowledge and understanding of workers' compensation and injury management (desirable).
- Full Australian working rights
- AHPRA Registration
- Current driver's license and car

- Genuine interest in working in Occupational Rehabilitation

About working at Nabenet

- Generous professional development budget
- Thorough induction and ongoing training
- Laptop and mobile phone provided
- Social, health, and wellbeing events throughout the year
- Career and professional development opportunities
- Focus on performance quality, and teamwork
- Be a part of a strategically-minded team
